Chapter One – General Overview

INTRODUCTION	1
I. WHAT IS THE HRAP?	1
A. Legislative Mandate	2
B. Purpose of the HRAP	2
II. INVENTORY OVERVIEW	3
III. OVERARCHING POLICY ISSUES.....	6
A. Vermont State Health Plan.....	6
B. Maximizing the Utilization of Effective Health Care	7
C. Payment Reform.....	10
D. Institute for Healthcare Improvement Triple Aim	11
IV. HRAP Changes and Limitations.....	13
A. Health Information Technology.....	13
B. Workforce Needs.....	13
C. Data Limitations and Opportunities	14
V. CERTIFICATE OF NEED	15
VI. NEXT STEPS	17

Chapter Two – Ambulatory Care Services

INTRODUCTION	19
I. INVENTORY AND UTILIZATION	21
A. Primary Care Resources.....	21
1. Primary Care Physicians	21
2. Mid-Level Primary Care Practitioners.....	21
3. Complementary and Alternative Medicine Providers.....	26
B. Specialty Care Resources	26
1. Specialty Care Physicians	26

2. Mid-Level Specialty Care Workforce.....	27
C. Dental Care Resources	27
D. Federally Qualified Health Centers, Rural Health Centers and Free Care Clinics.....	30
1. System Overview	30
2. Federally Qualified Health Centers	31
3. Rural Health Clinics.....	31
4. Free Care Clinics.....	32
II. DISCUSSION	33
A. Primary Care Resources.....	34
1. Undersupply of Primary Care Providers.....	34
2. Expanding Primary Care Capacity.....	36
3. Aging Population and Increased Chronic Illness.....	39
4. System Redesign.....	42
5. Increased Public Health Focus.....	45
B. Specialty Care Resources	46
1. Significant Inventory Trends	46
2. Variations in Practice and Improving Health Care Value	47
3. Improving Patient Participation in Treatment Decisions.....	48
C. Dental Care Resources	49
1. Significant Inventory Trends	49
2. Needs and Policy Issues.....	49
D. FQHCs, Rural Health Clinics and Free Care Clinics.....	50
1. FQHCs Inventory Trends.....	50
2. Benefits of FQHCs.....	51
3. Enhancing Mental Health Care.....	51
4. Provider Support for General Health Care Reform	51
III. RECOMMENDATIONS.....	51

Chapter Three – Hospital Services

INTRODUCTION	57
I. INVENTORY AND UTILIZATION	58
A. Hospital Types and Location	58
1. General System Overview	58
2. Tertiary/Academic Medical Center.....	63
3. Secondary/Regional	63
4. Primary/Local	63
B. Inpatient Hospital Capacity.....	64
C. Hospital-Based Outpatient Services.....	67
1. Outpatient Services Utilization.....	67
2. Access to Outpatient Services.....	67
D. Emergency Medical Services	68
1. Emergency Medical System Overview.....	68
2. Hospital Emergency Departments	69
3. Emergency Medical Services Workforce	73
E. Hospital Major Medical Equipment (MME).....	73
1. System Overview	74
2. Hospital Equipment Distribution	74
3. Hospital Equipment Utilization	76
II. DISCUSSION.....	77
A. Hospital Types and Location	77
1. Significant Inventory Trends	77
2. System Size and Design.....	77
3. Hospital Price and Quality Reporting.....	78
B. Inpatient Hospital Services.....	79
1. Inpatient Utilization	80
2. Inpatient Bed Capacity.....	82
3. Private Beds	83
4. Hospitalist Programs.....	84

- 5. Hospitals Increasing Employment of Physicians.....87
- 6. End Of Life and Palliative Care.....87
- C. Outpatient Hospital Capacity89
 - 1. Significant Inventory Trends89
 - 2. Needs and Policy Issues.....91
- D. Emergency Medical Services.....93
 - 1. Significant Inventory Trends93
 - 2. Coordinated Access to Emergency Rooms for Vermonters93
 - 3. Data Collection94
 - 4. Emergency Medical Service Resource Costs94
- E. Major Medical Equipment (MME)95
 - 1. Significant Inventory Trends95
 - 2. Concerns about Rapidly Increasing Utilization95
 - 3. The Challenges of New Technology.....98
- III. RECOMMENDATIONS100

Chapter Four –Mental Health and Substance Abuse Service

- INTRODUCTION105
- I. INVENTORY AND UTILIZATION105
 - A. Mental Health and Substance Abuse Inpatient/Hospital/
Residential Services107
 - 1. Adult Mental Health Inpatient Care.....107
 - 2. Children’s Inpatient and Residential Services109
 - 3. Substance Abuse Inpatient and Residential Care.....110
 - 4. Mental Health Crisis and Diversion Beds.....110
 - 5. Substance Abuse Crisis Beds.....111
 - 6. Emergency Services.....112
 - B. Mental Health and Substance Abuse Outpatient Services112
 - 1. Community Mental Health Centers113

2.	Federally Qualified Health Centers, Rural Health Clinics, and Free Health Clinics.....	114
3.	Private Outpatient Mental Health and Substance Abuse Providers	115
4.	Primary Care Providers.....	117
5.	Intensive Outpatient and Partial Hospitalization Programs	117
6.	Mental Health Providers Within the Corrections System.....	119
7.	Outpatient Detoxification Programs	119
8.	Methadone Clinics and Buprenorphine Treatment	120
C.	Community-Based Mental Health and Substance Abuse Services ...	121
1.	Suicide Prevention Services.....	121
2.	Home Health and Hospice Services.....	122
3.	Services for People With Traumatic Brain Injuries	122
4.	Employee and Student Assistance Programs	122
5.	Peer and Family Support.....	123
6.	Drop-in Recovery Centers	124
7.	Substance Abuse Outreach and Prevention Programs	124
8.	Services for Children & Adolescents.....	126
9.	Transitional and Halfway Housing	127
II.	DISCUSSION	129
A.	Mental Health and Substance Abuse Inpatient Services.....	129
1.	Significant Utilization and Inventory Trends	129
2.	Vermont State Hospital.....	130
3.	Psychiatric Support for Emergency Departments.....	131
B.	Mental Health and Substance Abuse Outpatient Services	132
1.	Significant Inventory Trends	132
2.	Adult Mental Health Prevalence and Capacity	133
3.	Adolescent and Child Mental Health Prevalence and Outpatient Treatment Capacity	135
4.	Substance Abuse Prevalence and Outpatient Treatment Capacity	137

- 5. Access to Psychiatrists and Other Specified Clinicians.....139
- 6. Integration of Care in Outpatient Settings141
- 7. Further Coordination of Community Mental Health System143
- 8. Mental Health in Older Vermonters144
- C. Community-Based Mental Health and Substance Abuse Services....145
 - 1. Significant Inventory Trends145
 - 2. Adolescent and Child Community Based Services Capacity146
- III. RECOMMENDATIONS.....147

Chapter Five – Long-Term Care Services

- INTRODUCTION151
- I. INVENTORY154
 - A. Nursing Homes154
 - B. Residential and Community Based Services158
 - 1. Home Health Agencies159
 - 2. Other Residential Based Services160
- II. DISCUSSION161
 - A. Nursing Homes161
 - 1. Significant Inventory Trends161
 - 2. Nursing Home Ownership Models161
 - 3. Nursing Home Workforce Challenges.....162
 - B. Home and Community Based Services.....163
 - 1. Significant Inventory Trends163
 - 2. Workforce Shortages163
 - 3. Increased Financial Pressure On Home Care System.....165
 - 4. Long-term Care Service Mix166
- III. RECOMMENDATIONS.....167

List of Tables

Chapter One – General Overview
